Building Unity

Building Unity is Wisconsin's largest multicultural issues conference and was first held in October of 1992. What started out as a one day event has now grown into a full three day conference attracting well-known and respected speakers from across the nation. Over 300 students from within the UW system and from states as far away as California and New York come together annually for this event in order to learn, network, and build coalitions that affect change in the lives of students.

This year Building Unity turns 13 years old and the conference will be held on the University of Wisconsin-Madison campus. Highlights of the conference will include a multitude of workshops on various topics spanning the intersections of race, ethnicity, gender, ability, sexual orientation, class, and spirituality. There will also be various keynote speakers speaking on a wide array of topics and entertainment. This year's conference theme is, "Diversity Makes for a Rich Tapestry." It is meant to reflect upon the ideal that through cultural awareness and understanding people throughout the state can come together for common good as a strong and unified movement.

This conference is offered free to all students on United Council member campuses who register before the Friday, February 18th, 2005 deadline. The conference is $35 for nonmember students and for all participants who register after February 18th.

Childcare is available all weekend. Please contact the United Council office if you will need childcare.
